

## Greece Public Library Tutoring Policy

Public areas are available for the use of library patrons. Individuals or groups wishing to use those areas for activities may use public areas at the discretion of the librarian in charge. The activities may not limit library services or be disruptive to other patrons.

Tutors and their students are welcome to use the library. However, the Frear Room and the quiet study area may not be used for this purpose. Students and tutors must bring their own supplies; we regret that supplies cannot be provided by the library.
