

Greece Public Library Whistleblower Policy

The Greece Public Library Board of Trustees adheres to the Town of Greece Whistleblower Policy (copy of most recent Town of Greece policy is on file in the office of the Town Clerk).

Policy note:

“The State of New York enacted §715-a and §715-b of the Not-for-Profit Corporation Law (NPCL) as part of the Non-profit Revitalization Act of 2013 (Chapter 549 of the Laws of 2013). The Act applies to corporations subject to the Not-for-Profit Corporation Law, including those incorporated with the Department of State or formed as education corporations by Regents Charter or by Special Legislative Act, and as such, library and library system boards of trustees are now required to adopt a “conflict of interest” policy and, in some instances, a “whistleblower” policy. These requirements became effective on July 1, 2014.

The “whistleblower” policy requirement applies only to those above libraries and systems that meet BOTH of the following requirements: have twenty or more employees, AND in the prior fiscal year had annual revenue in excess of one million dollars.”
